

INDEX TO VOLUME 6

This index covers the issues for 1999, as follows: January (Number 1), pages 1–90; February (Number 2), pages 91–164; March (Number 3), pages 165–252; April (Number 4), pages 253–364; May (Number 5), pages 365–368 (the SAEM annual meeting abstracts are indexed in the back of the May issue and hence are not included here); June (Number 6), pages 577–674; July (Number 7), pages 675–770; August (Number 8), pages 771–870; September (Number 9), pages 871–974; October (Number 10), pages 975–1078; November (Number 11), pages 1079–1186; and December (Number 12), pages 1187–1320. The abbreviations used throughout the index are spelled out in the footnote below.

SUBJECTS

- Abbreviation(s), effect on MEDLINE searching, 292
- Abdominal aortic aneurysm(s), ruptured, diagnosis of (brief report), 661
- Abdominal injury(ies), risk assessment in pediatric blunt trauma, 799
- Abdominal pain, in aortic aneurysm diagnosis (brief report), 661
- in hematocolpometra (brief report), 752
- in kidney rupture after ESWL (brief report), 664
- transvaginal ultrasonography in, 116
- Abstract(s), omitted from 1998's meeting issue (erratum), 565
- SAEM annual meeting, 369–548; (errata), 1019
- Abuse, ambulance, *see under* Misuse
- intimate partner, *see also* Domestic violence
- intimate partner, reporting in ED vs clinic (brief report), 1292
- Academic emergency department(s), staffing nonacademic EDs, 334
- Academic emergency medicine, address to First European Congress on Emergency Medicine, 169
- code of conduct for, 45
- cost control in (commentary), 255
- educating the educators (special issue), 253–364
- faculty salary and benefits, 1261
- future of, 137
- juggling academic responsibilities (commentary), 254
- planning for future of (commentary), 91
- progress of (commentary), 365
- sabbaticals in (commentary), 877; 932
- sports medicine integrated in practice, 828
- trauma resuscitation/critical care fellowship, 331
- Academic Emergency Medicine*, article divisions in (editor's note), 666
- special issue on educating academicians, 253–364
- systematic review outline for, 1255
- used to swat spider (letter), 868
- Academic emergency physician(s), education of, ACGME role (commentary), 260
- education of, CORD perspective (commentary), 258
- education of (commentary), 253; (special issue), 253–364
- guidelines for malpractice consultation, 1066
- juggling of responsibilities (commentary), 254
- perceptions of training priorities, 280
- as poison center directors (letter), 862
- Academic health center(s), staffing nonacademic EDs, 334
- Academic productivity, *see under* Productivity
- Academic rank(s), and sabbaticals, 932
- Academician(s), *see* Academic emergency physician(s)
- Access to care, delays to stroke care, 218
- Access to Internet, in Illinois EDs, 1249
- Accident(s), *see* Fall(s); Motor vehicle crash(es); Poisoning(s)
- Accreditation Council for Graduate Medical Education, role in educating academicians (commentary), 260
- Acetaminophen, poisoning outcome by type of ingestion, 1115
- prediction of toxicity (commentary), 1079
- ACGME, role in educating academicians (commentary), 260
- Acid–base status, effect on ECGs in hypothermia, 1121
- Acidosis, metabolic, in restraint-associated cardiac arrest, 239; (letters), 1075; 1076; 1076
- ACLS, ethics OSCE for, 302
- ventricular tachycardia response to, 609
- Acquaintance rape(s), flunitrazepam in (brief report), 966
- Acronym(s), effect on MEDLINE searching, 292
- ACTH, and adrenal dysfunction, 626
- Activated charcoal, dyscolored, palatability of, 895
- Active compression–decompression CPR, quality of life after, 95
- Acuity of illness, and ED utilization trends, 1030
- and patient desire for autonomy, 781
- Acute arterial occlusion (clinical pearls), 921
- Acute cardiac ischemia, sestamibi imaging for, 998
- Acute gastric volvulus, with paraesophageal hernia (brief report), 83

Abbreviations in the index: ACGME = Accreditation Council for Graduate Medical Education; AED = automated external defibrillator; AMI = acute myocardial infarction; CO₂ = carbon dioxide; CORD = Council of Emergency Medicine Residency Directors; CPR = cardiopulmonary resuscitation; CT = computed tomography; DCLHb = diaspiron cross-linked hemoglobin; ECG = electrocardiographic; EM = emergency medicine; EMS = emergency medical services; EMT = emergency medical technician; EP = emergency physician; ESR = erythrocyte sedimentation rate; ESWL = extracorporeal shock wave lithotripsy; FDA = Food and Drug Administration; GABHS = group A beta-hemolytic streptococcal; GI = gastrointestinal; ICU = intensive care unit; IM = intramuscular; IV = intravenous; LP = lumbar puncture; MVC = motor vehicle crash; NAC = N-acetylcysteine; NHAMCS = National Hospital Ambulatory Medical Care Survey; OSCE = objective structured clinical examination; PGY-1 = first-postgraduate-year; RDIG = Research Directors' Interest Group; RSI = rapid-sequence intubation; rt-PA = recombinant tissue plasminogen activator; SAEM = Society for Academic Emergency Medicine; TB = tuberculosis; TESS = Toxic Exposure Surveillance System; TQM = Total Quality Management; VF = ventricular fibrillation.

INDEX TO VOLUME 6

This index covers the issues for 1999, as follows: January (Number 1), pages 1–90; February (Number 2), pages 91–164; March (Number 3), pages 165–252; April (Number 4), pages 253–364; May (Number 5), pages 365–368 (the SAEM annual meeting abstracts are indexed in the back of the May issue and hence are not included here); June (Number 6), pages 577–674; July (Number 7), pages 675–770; August (Number 8), pages 771–870; September (Number 9), pages 871–974; October (Number 10), pages 975–1078; November (Number 11), pages 1079–1186; and December (Number 12), pages 1187–1320. The abbreviations used throughout the index are spelled out in the footnote below.

SUBJECTS

- Abbreviation(s), effect on MEDLINE searching, 292
- Abdominal aortic aneurysm(s), ruptured, diagnosis of (brief report), 661
- Abdominal injury(ies), risk assessment in pediatric blunt trauma, 799
- Abdominal pain, in aortic aneurysm diagnosis (brief report), 661
- in hematocolpometra (brief report), 752
- in kidney rupture after ESWL (brief report), 664
- transvaginal ultrasonography in, 116
- Abstract(s), omitted from 1998's meeting issue (erratum), 565
- SAEM annual meeting, 369–548; (errata), 1019
- Abuse, ambulance, *see under* Misuse
- intimate partner, *see also* Domestic violence
- intimate partner, reporting in ED vs clinic (brief report), 1292
- Academic emergency department(s), staffing nonacademic EDs, 334
- Academic emergency medicine, address to First European Congress on Emergency Medicine, 169
- code of conduct for, 45

- faculty salary and benefits, 1261
- future of, 137
- juggling academic responsibilities (commentary), 254
- planning for future of (commentary), 91
- progress of (commentary), 365
- sabbaticals in (commentary), 877; 932
- sports medicine integrated in practice, 828
- trauma resuscitation/critical care fellowship, 331
- Academic Emergency Medicine*, article divisions in (editor's note), 666
- special issue on educating academicians, 253–364
- systematic review outline for, 1255
- used to swat spider (letter), 868
- Academic emergency physician(s), education of, ACGME role (commentary), 260
- education of, CORD perspective (commentary), 258
- education of (commentary), 253; (special issue), 253–364
- guidelines for malpractice consultation, 1066
- juggling of responsibilities (commentary), 254
- perceptions of training priorities, 280
- as poison center directors (letter), 862
- Academic health center(s), staffing nonacademic EDs, 334
- Academic productivity, *see under* Productivity
- Academic rank(s), and sabbaticals, 932
- Academician(s), *see* Academic emergency physician(s)
- Access to care, delays to stroke care, 218
- Access to Internet, in Illinois EDs, 1249
- Accident(s), *see* Fall(s); Motor vehicle crash(es); Poisoning(s)
- Accreditation Council for Graduate Medical Education, role in educating academicians (commentary), 260
- Acetaminophen, poisoning outcome by type of ingestion, 1115
- prediction of toxicity (commentary), 1079
- ACGME, role in educating academicians (commentary), 260
- Acid–base status, effect on ECGs in hypothermia, 1121
- Acidosis, metabolic, in restraint-associated cardiac arrest, 239; (letters), 1075; 1076; 1076
- ACLS, ethics OSCE for, 302
- ventricular tachycardia response to, 609
- Acquaintance rape(s), flunitrazepam in (brief report), 966
- Acronym(s), effect on MEDLINE searching, 292
- ACTH, and adrenal dysfunction, 626
- Activated charcoal, dyscolored, palatability of, 895
- Active compression–decompression CPR, quality of life after, 95
- Acuity of illness, and ED utilization trends, 1030
- and patient desire for autonomy, 781
- Acute arterial occlusion (clinical pearls), 921
- Acute cardiac ischemia, sestamibi imaging for, 998
- Acute gastric volvulus, with paraesophageal hernia (brief report), 83

Abbreviations in the index: ACGME = Accreditation Council for Graduate Medical Education; AED = automated external defibrillator; AMI = acute myocardial infarction; CO₂ = carbon dioxide; CORD = Council of Emergency Medicine Residency Directors; CPR = cardiopulmonary resuscitation; CT = computed tomography; DCLHb = diaspiron cross-linked hemoglobin; ECG = electrocardiographic; EM = emergency medicine; EMS = emergency medical services; EMT = emergency medical technician; EP = emergency physician; ESR = erythrocyte sedimentation rate; ESWL = extracorporeal shock wave lithotripsy; FDA = Food and Drug Administration; GABHS = group A beta-hemolytic streptococcal; GI = gastrointestinal; ICU = intensive care unit; IM = intramuscular; IV = intravenous; LP = lumbar puncture; MVC = motor vehicle crash; NAC = N-acetylcysteine; NHAMCS = National Hospital Ambulatory Medical Care Survey; OSCE = objective structured clinical examination; PGY-1 = first-postgraduate-year; RDIG = Research Directors' Interest Group; RSI = rapid-sequence intubation; rt-PA = recombinant tissue plasminogen activator; SAEM = Society for Academic Emergency Medicine; TB = tuberculosis; TESS = Toxic Exposure Surveillance System; TQM = Total Quality Management; VF = ventricular fibrillation.

- Acute illness, *see also* Acuity of illness
and informed consent to research (commentaries), 772; 774
- Acute ischemic stroke(s), EP treatment with rt-PA, 618
- Acute myocardial infarction(s), consent for research in (commentary), 772
delays to care (commentary), 579
diabetics with, clinical characteristics of, 719
new right bundle branch block in (letter), 1180
- Acute myocardial perfusion imaging, in cocaine-induced chest pain, 103; (erratum), 657
- Acute quadriceps compartment syndrome (brief report), 860
- Acute sudden headache(s), LP first in, 131
- Addiction, nicotine, prevalence in ED patients, 807
- Administration, of ethanol, oral vs IV, 984
of ketamine, IM, for pediatric sedation, 21
- Admission(s), hospital, of public vs private patients, 736
- Admission source(s), outpatient, and risk for appendiceal rupture (commentary), 579; 596
- Adolescent(s), EMS transports for risky behaviors, 232
hematocolpometra manifesting as constipation (brief report), 752
- Adrenal dysfunction, in hemodynamically unstable patients, 626
- Adrenocorticotrophic hormone, and adrenal dysfunction, 626
- Advance directive(s), patients' reasons for not having, 1054
- Advanced Cardiac Life Support, ethics OSCE for, 302
ventricular tachycardia response to, 609
- Advanced Trauma Life Support, ethics OSCE for, 302
- Adverse cardiac event(s), sestanibi imaging for, 998
- Adverse drug reaction(s), in elders (commentary), 1189; 1232
serotonin syndrome caused by meperidine (brief report), 156
- Adverse effect(s), *see also* Outcome(s)
of hunger in ED, 1109
of propofol (commentary), 975
of propofol in children, 989
in RSIs in EM residency, 31
- Africa, tetraplegic care in Uganda (brief report), 660
- Age, and patient preference for autonomy, 781
- Aged, *see* Elder(s)
- Aggression, as stimulation-seeking behavior (letter), 863
- AIDS, *see* HIV
- Air bag(s), fatal injuries from, 708
- Air medical transport(s), map for decision making, 1127
- Airway management, novel cricothyrotomy device (brief report), 1172
precise use of terminology in (commentary), 1
research in (letters), 866; 867
RSI adverse events in EM residency, 31
- Airway obstruction, glottal area patency in cortical seizures, 682
upper, heliox use in (brief report), 953
- Alcohol, *see also* Ethanol
data on injuries related to (letters), 666; 667
effect on mild head injury outcomes, 1088
- Alcohol abuse, pediatric EMS transports for, 232
training in EM residencies (brief report), 964
- Alcohol use, in acetaminophen poisoning, 1115
effect on ECG in hypothermia, 1121
- Algorithm(s), AED, comparison of, 631
- Ambulance(s), *see also* Transport(s)
vs helicopters, map for decision making, 1127
misuse of, defining (commentary), 5
misuse of, provider vs patient perspectives, 14
misuse of, rethinking of (commentary), 2
pediatric use for risky behaviors, 232
- Ambulatory care, asthma observation unit, patient satisfaction with, 178
linking patients to primary care, 817; 823
of nonvariceal upper GI hemorrhage, 196
- Aminotransferase(s), for predicting hepatotoxicity (commentary), 1079
- Analgesia, ketorolac IV for migraines (letters), 668; 669
meperidine as cause of serotonin syndrome (brief report), 156
in nasogastric intubation (commentary), 166; 184
- Analysis(es), data, in male domestic violence study (letters), 670; 671
survival, use of, 244
- ANAM, of elders with minor trauma (brief report), 758
- Anesthetic(s), propofol safety in ED (commentary), 975
topical, prior to nasogastric intubation, 184
- Aneurysm(s), aortic, abdominal, ruptured (brief report), 661
left ventricular (clinical pearls), 921
- Animal model(s), use in research, 75
- Ankle injury(ies), Ottawa ankle rules in children, 1005
- Annual meeting(s), SAEM, abstracts, 369-548; (errata), 1019
SAEM, progress of (commentary), 365
- Antibiotic(s), time to receipt of, in pneumonia, 1243
- Antibiotic prophylaxis, against endocarditis, in injection drug users, 911
- Anticoagulated patient(s), minor head trauma in, 121
- Antidote(s), bioavailability of ethanol, 984
predicting need for NAC (commentary), 1079
- Anti-Loxosceles Fab fragment(s), for dermonecrotic arachnidism, 1195
- Aortic aneurysm(s), abdominal, ruptured (brief report), 661
- Appendicitis, rupture risk and outpatient admission source (commentary), 579; 596
- Applicant(s), attitudes toward EM residency web sites (brief report), 968
misguided questions of (commentary), 981
- Applicant evaluation(s), standardized vs narrative letters of recommendation (letters), 768; 769; 1141
- Appropriateness of care, ambulance transport alternatives (commentary), 5
ambulance transport misuse, rethinking of (commentary), 2
drug selection in elders, 1232
provider vs patient perspectives of ambulance misuse, 14
- Arachnidism, dermonecrotic, anti-Loxosceles Fab fragments in, 1195
- Arm(s), reduction of radial head subluxation, 715
- Arrhythmia(s), biphasic transthoracic defibrillation, 880
- Arterial embolism(s), acute (clinical pearls), 921
- Arthritis, hip, ultrasonography-guided aspiration (brief report), 84
- Arthrocentesis, hip, guided by ultrasonography (brief report), 84
- Article(s), authorship responsibilities, 297
on triage systems, critical appraisal of, 1166
Utstein style use in (commentaries), 871; 875; 923
- Article classification, in *Academic Emergency Medicine* (editor's note), 666
- Artificial respiration, tactile assessment of lung compliance (brief report), 761
- Asia, EMS in China, 150
- Aspiration, hip, guided by ultrasonography (brief report), 84
- Assault(s), domestic, reporting in ED vs clinic (brief report), 1292
against men, by women partners, 786
pediatric EMS transports for, 232
sexual, *see* Sexual assault(s)
- Assessment(s), *see also* Performance assessment(s)
of elders' cognitive processing efficiency (brief report), 758
of sleep problems, 1134
tactile, of lung compliance (brief report), 761
- Asthma observation unit(s), patient satisfaction with, 178
- ATLS, ethics OSCE for, 302
- Attending physician(s), patient understanding of roles, 339

- Attitude(s), of applicants, toward EM residency web sites (brief report), 968
 community, for waivers of informed consent, 1210
 of EM residents, toward thrombolytics for stroke (brief report), 1174
 family, toward procedures on recently deceased (brief report), 749
 patient/family, toward practice of procedures on newly dead, 110
- Audience(s), concert, medical problems of, 202
- Australasia, residency programs in, vs U.S., 324
- Australia, EM residencies in (letter), 972
- Authorship, responsibilities of, 297
- Automated external defibrillator(s), algorithm comparison, 631
- Automated Neuropsychological Assessment Metrics, of elders with minor trauma (brief report), 758
- Automobile crash(es), *see* Motor vehicle crash(es)
- Autonomy, *see also* Informed consent
 patient, illness acuity and preference for, 781
 residency applicants' question about (commentary), 981
- Backboard(s), for CPR on soft bed (brief report), 754
- Bag-valve ventilation, tactile assessment of lung compliance (brief report), 761
- Band(s), constricting, removal using Dremel drill (letter), 1182
- Barton, C. W., *Management of Office Emergencies* (book review), 1184
- BB(s), foreign-body, markers mistaken for (brief report), 250
- Bed(s), mechanics of CPR on (brief report), 754
- Beside ultrasonography, in abdominal aortic aneurysm (brief report), 661
 as guide for hip arthrocentesis (brief report), 84
 revolution in EM (letter), 766
- Beers criteria, for elder drug selection, 1232
- Behavior, practice guidelines to change (commentary), 1189
 stimulation-seeking, violence as (letter), 863
- Benefit(s), of EM faculty, 1261
- Benzocaine, before nasogastric intubation, 184
- Benzodiazepine(s), bullous eruptions from temazepam overdose (brief report), 1071
- Bernstein, E., Bernstein, J. (eds), *Case Studies in Emergency Medicine and the Health of the Public* (book review), 89
- Beta-hemolytic streptococcal pharyngitis, predictive model for children, 8
- Beta-human chorionic gonadotropin, in ectopic pregnancy prediction, 602
- Bias(es), in male domestic violence study (letters), 670; 671
 in research, 67
- Bioavailability(ies), of ethanol, oral vs IV, 984
- Biochemical marker(s), of hepatotoxicity (commentary), 1079
- Bioethics, *see* Ethics
- Biomedical research, *see* Research
- Biomotor, historical CPR device (letters), 88; 88
- Biphasic transthoracic defibrillation, in prolonged VF, 880
- Bite(s), spider, anti-*Loxosceles* Fab fragments in, 1195
- Bleeding, *see* Hemorrhage(s)
- Blood, hematocrit manifesting as constipation (brief report), 752
 occupational exposures in EM residents, 1036
- Blood glucose level(s), in elder trauma victims (brief report), 1177
- Blood lead level(s), with retained bullets/shrapnel, 208
- Blood pressure(s), low, adrenal dysfunction in, 626
- Blood testing, lead, in ED (brief report), 849
- Blood transfusion(s), Jehovah's Witnesses' refusal of (letters), 159; 159
- Blunt torso trauma, in children, and risk of intra-abdominal injury, 799
- Board certification, in critical care, for EPs (brief report), 345
- Body fluid(s), *see* Blood
- Body temperature(s), *see* Temperature(s)
- Book review(s), 89; 162; 672; 869; 973; 1184
- Brain injury(ies), delayed presentation and need for CT (brief report), 957
 mild, alcohol's effects on, 1088
- Breathing, *see* Respiration
- Brown recluse spider bite(s), anti-*Loxosceles* Fab fragments in, 1195
- Bullet(s), retained, plumbism from, 208
- Bullous eruption(s), in temazepam overdose (brief report), 1071
- Bundle branch block(s), right, new, in chest pain (letter), 1180
- Burn(s), partial-thickness, octylcyanoacrylate for, 688
- Butylcyanoacrylate, for pediatric facial lacerations, 171
- Calcium, intracellular, in septic shock, 588
- Capnography, historical references on (letters), 88; 88
- Car crash(es), *see* Motor vehicle crash(es)
- Carbon 13 nuclear magnetic resonance, in perfused VF, 581
- Carbon dioxide monitoring, historical reference in paper (letters), 88; 88
- Carbon monoxide poisoning, carboxyhemoglobin in (letters), 766; 767
- Carboxyhemoglobin, toxicokinetics of (letters), 766; 767
- Card(s), wallet, for procedures on newly dead, 110
- Cardiac arrest(s), biphasic transthoracic defibrillation, 880
 end-tidal CO₂ monitoring reference (letters), 88; 88
 extracorporeal resuscitation survival, 700
 out-of-hospital outcomes of ventricular tachycardias, 609
 in pregnancy, cesarean section in (brief report), 1072
 quality of life of survivors, 95
 reperfusion failure in (commentary), 677
 research in, Utstein guidelines in (commentaries), 871; 875; 923
 from restraints, metabolic acidosis in, 239; (letters), 1075; 1076; 1076
- Cardiac ischemia(s), *see also* Acute myocardial infarction(s)
 acute, sestamibi imaging for, 998
 perfusion imaging in cocaine-induced chest pain, 103; (erratum), 657
- Cardiac output, differentiating systolic vs diastolic heart failure, 693
- Cardiac valve abnormality(ies), in injection drug users, 911
- Cardiac work, substrate utilization in perfused VF, 581
- Cardiography, impedance, *see* Impedance cardiography
- Cardiology, *see* Electrocardiogram(s); Heart
- Cardiopulmonary resuscitation(s), end-tidal CO₂ monitoring reference (letters), 88; 88
 extracorporeal, survival after, 700
 mechanics of soft bed (brief report), 754
 quality of life after, 95
 reperfusion failure in (commentary), 677
 in two AED algorithms, 631
- Career choice(s), of EM residents, environmental factors, 262
- Case identification, *see* Screening
- Categorization, *see* Classification
- Cerebral infarction(s), *see* Stroke(s)
- Certification, in critical care, for EPs (brief report), 345
- Cervix(es), hematocrit manifesting as constipation (brief report), 752
- Cesarean section(s), perimortem, of twins (brief report), 1072
- CFA, use of, 54
- Charcoal, superactivated, palatability of, 895
- Chart review(s), for data collection (letters), 666; 667
- Chest compression(s), *see also* Cardiopulmonary resuscitation(s)
 on soft bed, mechanics of (brief report), 754

- Chest pain, cocaine-induced, myocardial perfusion imaging of, 103; (erratum), 657
 new right bundle branch block in (letter), 1180
 sestamibi imaging for risk stratification, 998
 very-low-risk, identification of (commentary), 979
- Chewable multivitamin(s), iron toxicity of, 1104
- Children, *see* Pediatrics
- China, EMS in, 150
- Chorionic villi, after dilatation and evacuation, 602
 in ectopic pregnancy diagnosis, 1024
- Cigarette smoking, prevalence in ED patients, 807
- Citation retrieval, MEDLINE, abbreviations' effect on, 292
- Classification, of articles in *Academic Emergency Medicine* (editor's note), 666
 of EDs, standards for, 638
 of EDs (commentaries), 577; 578
- Clerkship(s), EMS observation in (brief report), 359
- Clinical decision making, in EM, 947
- Clinical decision rule(s), regarding triage, 1166
- Clinical emergency department site(s), staffing by academic EDs, 334
- Clinical ethical competence, evaluating in EM, 302
- Clinical guideline(s), for outpatient care of nonvariceal upper GI hemorrhage, 196
- Clinical pathway(s), for pneumonia, 1243
- Clinical Pearls, left leg pain and ECG ST-segment elevation, 921
 ulcers on fingers, 637
- Clinical practice guideline(s), *see* Practice guideline(s)
- Clinical prediction rule(s), validation and reporting of (letters), 665; 665
- Clinical reasoning, in EM, 947
- Clinical skill(s), *see* under Skill(s)
- Clinical time, use by PGY-1 residents on specialty rotations, 939
- Clinical trial(s), *see also* Research
 choosing a study design, 67
 exception to informed consent in, 1203
 industry-sponsored, trends/controversies in, 833
- Closed head injury(ies), delayed presentation and need for CT (brief report), 957
- Cocaine, and restraint-associated cardiac arrest, 239
- Cocaine-induced chest pain, myocardial perfusion imaging in, 103; (erratum), 657
- Cochrane systematic review(s), 1255
- Code of conduct, for academic EM, 45
- Cognitive ability(ies), in informed consent (commentaries), 772; 774
- Cognitive error(s), in EM, 947
- Cognitive processing efficiency, rapid assessment in elders (brief report), 758
- Coin(s), pediatric ingestion of, home observation for, 213
- Collaboration, nurse-physician, and research utilization, 271
- Collision(s), *see* Motor vehicle crash(es)
- Comfort, in nasogastric intubation (commentary), 166; 184
- Communication(s), phone vs face-to-face, for primary care links, 817
- Community consultation, in Final Rule, 1275
 for research with waiver of informed consent, 1210
- Compartment syndrome, quadriceps, from minor trauma (brief report), 860
- Competence, ethical, evaluating in EM, 302
 procedural, issues in EM as specialty (commentary), 678
 procedural, tracked by EM residencies, 728
- Compliance, lung, tactile assessment reliability (brief report), 761

- Surgery rotation(s), PGY-1 residents' clinical time use on, 939
- Surgical lubricant(s), vs anesthetics/vasoconstrictors, before nasogastric intubation, 184
- Surveillance, TESS data accuracy, vs rural hospitals (brief report), 851
- Surveillance system(s), ED-based (letters), 666; 667
- Survey(s), confirmatory factor analysis of, 54
- Survival, of cardiac arrest, quality of life in, 95
- after extracorporeal resuscitation, 700
- Survival analysis, use of, 244
- Systematic review(s), outline for reporting of, 1255
- Systolic heart failure, vs diastolic, impedance cardiography in, 693
- Tachycardia(s), ventricular, out-of-hospital outcomes of, 609
- Tactile assessment(s), of lung compliance, reliability of (brief report), 761
- Taste, of superactivated charcoal, 895
- Teacher(s), *see* Faculty
- Teaching, of academicians (commentary), 253
- ethics knowledge in, 302
- juggling with research responsibility (commentary), 254
- Team training, simulation, for EM, 312

- Teamwork, high-fidelity simulation training for, 312
- Teenager(s), *see* Adolescent(s)
- Telemedicine, in future of academic EM, 137
- Telephone(s), for linking ED patients to primary care, 817
- Temazepam, bullous eruptions from overdose (brief report), 1071
- Temperature(s), effect on ECGs in hypothermia, 1121
of out-of-hospital drugs, 1098
rectal-skin difference in young infants, 900
- Tenure, and sabbaticals, 932
- Terminology, need for precision in EM (commentary), 1
- TESS, data accuracy of (brief report), 851
- Test(s), diagnostic, likelihood ratios vs sensitivity/specificity (letters), 160; 161
speeding the use of ESR (brief report), 658
- Testing, *see also* Screening
internal, in EM residency (brief report), 362
- Tetracaine, before nasogastric intubation, 184
- Tetraplegia, rural hospital care in Uganda (brief report), 660
- Text word search(es), MEDLINE, abbreviations' effect on, 292
- Textbook(s), references to bundle branch block (letters), 1180
- Therapeutic response(s), of ventricular tachycardia out of hospital, 609
- Thermoregulation, rectal-skin temperature difference, 900
- Third world, *see* Developing world
- Throat culture(s), in prediction of GABHS pharyngitis, 8
- Thrombolytic(s), EP rapid treatment of stroke, 618
with new right bundle branch block in chest pain (letter), 1180
for stroke, EM residents' attitudes (brief report), 1174
- Thromboxane B₂, in sepsis, 588
- Thrombus(i), intracardiac (clinical pearls), 921
- Thumb(s), ulcers on (clinical pearls), 637
- Time(s), clinical, use by PGY-1 residents on specialty rotations, 939
delays to stroke care, 218
out-of-hospital, with ambulance vs helicopter, 1127
paramedic on-scene, in penetrating trauma, 191
survival analysis of, 244
to thrombolysis, with EP treatment of stroke, 618
- Time interval(s), to AED, algorithm comparison, 631
reducing, for ESR (brief report), 658
- Time management, in academic EM (commentary), 254
- Time savings, with phone links to primary care, 817
- Tissue adhesive(s), for partial-thickness burns, 688
in pediatric facial lacerations, 171
- Tissue plasminogen activator, recombinant, EP treatment of stroke with, 618
for stroke, EM residents' attitudes on (brief report), 1175
- Tool(s), for EPs in research (commentary), 91
evaluative, for ethical competence in EM, 302
- Topical anesthetic(s), prior to nasogastric intubation, 184
- Topical vasoconstrictor(s), prior to nasogastric intubation, 184
- Torsades de pointes, out-of-hospital outcomes of, 609
- Torso trauma, blunt, in children, and risk of intra-abdominal injury, 799
- Total Quality Management, effectiveness in EDs, 811
- Toxic Exposure Surveillance System, data accuracy of, vs rural hospitals (brief report), 851
- Toxic ingestion(s), *see also* Poisoning(s)
of acetaminophen, 1115
observation times in, 887
superactivated charcoal palatability in, 895
- Toxicity, of acetaminophen, prediction of (commentary), 1079
of DEET insect repellent (brief report), 1295
of iron, in chewable vs tablet form, 1104
plumbism with retained bullets/shrapnel, 208
- Toxicology, of carboxyhemoglobin (letters), 766; 767
osmol gaps in children, normal range, 27
- TQM, effectiveness in EDs, 811
- Traffic accident(s), *see* Motor vehicle crash(es)
- Training, of academicians (commentary), 253
in alcohol and substance abuse, in EM residencies (brief report), 964
critical care, for EPs (brief report), 345
practice of procedures on newly dead, 110
in research methodology, priorities in, 280
team, high-fidelity simulation, 312
in ultrasound, for EM (letter), 766
- Training level(s), physician, patient understanding of roles, 339
- Training program(s), *see* Emergency medicine residency(ies)
in international EM, recommendations for, 145
- Transfusion(s), Jehovah's Witnesses' refusal of (letters), 159; 159
- Transient ischemic attack(s), delays in accessing care, 218
- Transit time(s), *see* Length(s) of stay
- Transport(s), ambulance, misuse of, defining (commentary), 5
ambulance, misuse of, rethinking of (commentary), 2
ambulance, provider vs patient perspectives of misuse, 14
pediatric, for risky behaviors, 232
refusal of, patient recall of risks (letters), 87; 87
trauma, determining appropriate means of, 1127
- Transthoracic defibrillation, biphasic, in prolonged VF, 880
- Transvaginal ultrasonography, echogenic material in endometrium, likelihood of intrauterine pregnancy, 116
indeterminate, and ectopic pregnancy, 1024
- Trauma, *see also* Injury(ies)
blunt torso, in children, and risk of intra-abdominal injury, 799
at concert first-aid stations, 202
in elders, serum glucose levels in (brief report), 1177
head, delayed presentation and need for CT (brief report), 957
head, in anticoagulated patients, 121
minor, rapid cognitive assessment of elders (brief report), 758
minor, quadriceps compartment syndrome from (brief report), 860
penetrating, paramedic on-scene times in, 191
sleep problems associated with, 1134
- Trauma center(s), determining appropriate transport to, 1127
- Trauma resuscitation/critical care fellowship(s), 331
- Traumatic brain injury(ies), mild, alcohol's effects on, 1088
- Traumatic hemorrhagic shock, DCLHb trial of, informed consent in, 1203; 1283
- Triage, of 9-1-1 calls, criteria for (commentary), 5
of 9-1-1 calls, rethinking of (commentary), 2
in scombroid poisoning epidemic, 916
- Triage category(ies), and ED utilization trends, 1030
- Triage system(s), critical appraisal of papers on, 1166
- Trial(s), *see also* Research
industry-sponsored, trends/controversies in, 833
- Tube(s), nasogastric, pain of (commentary), 166
- Tuberculin test(s), in EM residents, 1044
- Tuberculosis, counseling/screening program in ED, 224
exposure risk in EM residents, 1044
- Twin birth(s), via perimortem cesarean section (brief report), 1072
- Uganda, tetraplegic care in (brief report), 660
- Ulcer(s), on fingers (clinical pearls), 637
- Ultrasonography, bedside, in abdominal aortic aneurysm (brief report), 661
empty uterus on, and ectopic pregnancy prediction, 602
gallbladder, by EPs, 1020
as guide for hip arthrocentesis (brief report), 84
in hematocritometry (brief report), 752

- likelihood ratio for renal calculi (letters), 160; 161
 residency applicants' question about (commentary), 981
 revolution in EM (letter), 766
 transvaginal, echogenic material in endometrium, likelihood of intrauterine pregnancy, 116
 transvaginal, indeterminate, and ectopic pregnancy, 1024
 Underinsured population(s), hunger among, 1109
 Underserved population(s), pneumococcal immunization in ED, 724
 Undeveloped country(ies), *see* Developing world
 Uninsured population(s), hunger among, 1109
 Universal precautions, by EM residents, 1036; 1044
 Unnecessary visit(s), *see* Nonurgent visit(s)
 Upper airway obstruction, heliox use in (brief report), 953
 Upper gastrointestinal hemorrhage(s), nonvariceal, outpatient care of, 196
 Urban medicine, domestic violence against men (letters), 670; 671; 786
 male sexual assaults, 792
 pneumococcal immunization in ED, 724
 Uterus(i), empty, endometrial thickness and ectopic pregnancy in, 602
 hematocolpometra manifesting as constipation (brief report), 752
 Utility(ies), likelihood ratios vs sensitivity/specificity (letters), 160; 161
 Utility measure(s), used in research by EPs (commentary), 91
 Utilization, ambulance, alternatives to (commentary), 5
 ambulance, provider vs patient perspectives, 14
 ambulance, rethinking of (commentary), 2
 of ED, linking patients to primary care, 817; 823
 of ED, pediatric, insurance status and, 744
 of ED, trends in, 1030
 head CT, in HIV patients, 1010
 radiograph, with Ottawa ankle rules, 1005
 research, and interdisciplinary collaboration, 271
 resource, in lone acute sudden headache, 131
 resource, in pediatric fast track, 1153
 Utstein style, in EMS research (commentaries), 871; 875; 923
 in out-of-hospital cardiac arrest research, 923
 Vaccination(s), pneumococcal, in ED, 724
 Vagina(s), hematocolpometra manifesting as constipation (brief report), 752
 Vaginal bleeding, transvaginal ultrasonography in, 116
 Validation, of clinical prediction rule (letters), 665; 665
 Valve abnormality(ies), cardiac, in injection drug users, 911
 Variability(ies), interobserver, in faculty evaluations of residents, 38
 Vasoconstrictor(s), topical, prior to nasogastric intubation, 184
 Vasopressor therapy, need for, and adrenal dysfunction, 626
 Vehicle collision(s), *see* Motor vehicle crash(es)
 Venoarterial perfusion, survival after cardiac arrest, 700
 Venom, spider, anti-*Loxosceles* Fab fragments in, 1195
 Ventilation, with bag-valve, tactile assessment of lung compliance (brief report), 761
 Ventricular fibrillation, biphasic transthoracic defibrillation in, 880
 perfusion and substrate utilization, 581
 Ventricular tachycardia, out-of-hospital outcomes of, 609
 Very-low-risk chest pain, identification of (commentary), 979
 Violence, *see also* Assault(s); Domestic violence
 physical, as stimulation-seeking behavior (letter), 863
 Vision statement, of SAEM (commentary), 367
 Volvulus, gastric, with paraesophageal hernia (brief report), 83
 Waiver(s) of informed consent, *see under* Informed consent
 Wallet card(s), for practice of procedures on newly dead, 110
 Warfarin, minor head trauma in patients taking, 121
 Waveform(s), biphasic, in transthoracic defibrillation, 880
 Web site(s), of residencies, applicants' attitudes toward (brief report), 968
 Welfare, reduction of, and hunger in ED, 1109
 Westergren method, of ESR, speeding the use of (brief report), 658
 Whistle-blower(s), in research misconduct, 840; (erratum), 1019
 Work schedule(s), and EM resident MVC risk, 1050
 Working condition(s), for EM residency faculty, 1261
 World Wide Web, access in Illinois EDs, 1249
 Wound(s), penetrating, markers mistaken for foreign bodies (brief report), 250
 penetrating, plumbism from bullets/shrapnel, 208
 Wound closure, with octylcyanoacrylates, in pediatric facial lacerations, 171
 Wound healing, with octylcyanoacrylate for burns, 688
 X-ray(s), *see* Radiograph(s)
